

N.Y. APPLE TOURS INC.

2160 NORTH CENTRAL ROAD. FORT LEE, NEW JERSEY 07024 .TEL (201) 947-4000 .FAX (201) 461-5100

To whom it may be concerned:

Several months ago we purchased our first drum of Kleen Fuel Combustion Enhancer. At the time, our buses had a bad problem with black smoke. We at New York Apple Tours, pride ourselves in taking very good care of our fleet, primarily because most of our customers are tourists who come to the New York area from allover the world.

The British Leyland engine requires a higher cetane rating. The domestic fuel we buy is not as high; therefore, it diminishes the combustion within the chamber creating smoke. Kleen Fuel Combustion Enhancer has eliminated that problem. Today, our buses run a lot cleaner, and have more power and better performance.

We highly recommend the use of Kleen Fuel for anyone who has a problem with smoke, but whose vehicles are in mechanically sound condition.

If you wish to call me, please don't hesitate to do so

Very truly yours,
